

Product Specification Data

Description

Briteline® Photo Paper is the solution you have been looking for when you need a paper that is capable of producing realistic print quality and is easy to use. It is a 9mil gloss paper that accepts solvent, latex, and UV ink. It has a water-repellent surface making it a great option for indoor and short term outdoor applications. The use of a take up reel is no problem with Briteline Photo Paper. With the perfect white point and level of gloss, even the unprinted areas look outstanding!

Applications

Photo Quality Prints
Posters
Indoor advertisements
Outdoor advertisements (short term)
Proofing

Ink Compatibility
