Outdoor Material Options

Adhesive Vinyl	High-quality vinyl & laminate from 3M & others are used to produce graphics & imagery for vehicle wraps, stickers, murals, wallpaper, signs & more. Materials available for virtually all surfaces, including heavily textured brick.
Vinyl Banners	Duratex 13 oz Banner is a light-weight, polyester banner used for almost any application. It produces consistent image quality & optimal color. Outdoor durability without lamination. Highly versatile.
Mesh Banners	Duratex 8 oz Mesh Banner is a lighter-weight, polyester banner designed for use in windy areas. Mesh Banner allows air to pass through a vibrant printed image. Widely used at festivals & events. 70/30 air-flow rate.
Backdrops & Flag Banners	Backdrops & Flag Banners are made by printing on fireproof (NFPA-701) polyester fabric, then using professional sewing to fabricate to the desired specifications. Standard & Custom Sizes are available.
Flags	Flags are made by printing on fireproof (NFPA-701) polyester fabric, then using professional sewing to fabricate the flags to the desired specifications. Standard & Custom Sizes are available.
Signs	Signs can be made in a variety of shapes, sizes, and materials. Aluminum & PVC substrates are used for permanent outdoor signage. Backlit prints are used for indoor & outdoor lit signage. Coroplast is used for temporary applications like yard signs.

Indoor Material Options

Satin Photo	HP Professional Satin is a heavyweight, resin-coated photo paper. A bright-white finish provides a high dynamic range and a wide color gamut for color-critical, eye-catching reproductions.
Gloss Photo	HP Professional Gloss is a heavyweight, resin-coated photo paper. A bright-white finish provides a high dynamic range and a wide color gamut for color-critical, eye-catching reproductions.
Poster	HP Premium Poster produces vivid colors and crisp text & graphics. It has a higher color gamut, which results in whiter whites and deeper blacks. Semi-Matte finish.
Semi-Gloss	Semi-Gloss Poster Paper is a lower-cost alternative which produces great image quality, good color, and can be used for a variety of applications and projects.
Canvas	Premium Satin Canvas has a bright white finish and produces vivid colors, solid blacks, and smooth gradients. The strong but flexible 1:1 weave allows the canvas to be stretched (mounted) on a wooden frame.
Fabric & Textiles	A variety of Cotton, Cotton / Poly, & Poly fabrics are available, including Fine Warp Satin, Twill, Panama, and Fireproof Polyester. These fabrics are used to make clothing, accessories, backdrops, flags, and more.
